Weather Probabilities. December 10, 1880 .-For the middle Atlantic States stationary or rising followed by falling baremeter, westerly winds, higher temperature and clear or partly cloudy weather.

THE POLITCAL FIGHT FOR OFFICE.-For sems time past a big fight, of a political chareater, has been waged against the federal office holders of this district. Charges by the outs and counter charges by the ins have been filed with the authorities at Washington, and it is said that eighteon affidavits were made by the friends of Major Bayly at the Toatine Hotel in this city, before a justice of the peace, last work. The announcement of Col. Mosby's intention to return to this country will it is not? tention to return to this country, will, it is said, probably reopen the little difficulty between him and Major Bayly, who, it is charged, undirtock to engineer a scheme for the Colonel's recall from Hong Kong. The latter gentle-man (Col. Mosby,) in a private letter, relates the origin of the fight. When he was at home and on terms with Bayly he discovered that the latter was trading on his supposed influnce with him. In one instance, he says, Bayly went to an internal revenue official (Collector Russeil, of Richmond) and told him that unless be gave nim (Bay'y) three positions under him "he and Col. Mosby" would have him removed. Other cases where he or his sons have made officia's sign rol's for appointments made by them at f.u. dollars per day, while they, the appointers, coly received one dollar pir day as their salary, the remainder of the money going into the peckets of those through whose influence the appointments were made, are said to be proba-nle, and John M. Lewis, of Parquier, who was appointed to the position of United States storekeeper, is cited as an instance, the ground always being that, "he and Col. Mosby," must be remunerated. The Bay'y family are them salves protty tuly represented in the public service. Henry Clay Basly is a deputy collector of internal revenue, Sampson P. Bayly, ja., counsulat Palermo, Robert Bayly United States inspector of tobacco at Peterburg, Va., William Bryls in the Norfolk custom house, and the father of the family was, until and the lather of the lamily was, unit recently, in the access service pay. S. P. Baying in the access service pay. S. P. Baying in the chartest he has taken an active part in the crusade against Mosby and other Virginian effica-holders who did not support his father in the Righth district, the favorite mode of designation of whom was "the d-d Hong Kong set." The plan now, it is charged, is to wait till General Gerfield is insugurated and then get the Tow little delay 175 strong to wait on him and ask Path club, 175 strong, to wait on him and ask the removal of all who did not support Bayly. Colorel Mosby will be back before that takes piece and the events that are likely to follow his return may render the scheme decidedly inex-

THE COMPLIMENTARY SOIREE LAST NIGHT. The complimentary scited to the honorary isdy members of the O d Dominion Boat Club, by the soire members of that oub, at Armory tiall, last night, was a most magnificent affair. The floor of the hall, newly placed and wexed, was in sp'entid condition, as smooth as a sheet of ice, and never was there congregated a more brilliant erray of pretty, handsomely dressed, ladies and gree ful beaux. The programme embraced all the latest dances, it c'uding the "requette," and tripping on the light fantastic toe was commerced at circle o'cleck, and, to the splendid music of Prof. Weber's string band, of Washington, continued until about two o'cleck this merning, when the happy company ratired to their respective homes, there to dream of the pleasures of the evening, which will foraish a top o for pleasant conver-ation for some time to cone. The Old Dominion Boat Club. composed of talent, as well as muscle, is making a reputation for its splendid entertainments, and great things are expected of the members in he squatic line next summer.

TO-DAY-THE COLDEST OF THE SEASON. The saill cald weather of last night had the eff.c. of putting more ice in the river than has been there so far this season, and this morning the ice was of such a thickness from sher; to shore that pariget:on was very difficult. The herry boate, bowever, have been running protty Learly on time all day. This morning at seven o'clock, with a strong gale from the northwest, which has continued all day, the mercury in the theimometer marked 14 degrees above zero, two degrees lower than on any morning sicos the cold weather has set in. At half-past nine o'clock the same instrument registered 18 degrees, 30 degrees lower than at the same time last year. The canal is blocked fast and tight. the ice being ever three motes thick, and tkaters are biving a fine time on both the canal and Hunting Creek. All the lower Potomac boats left on time this morning, but the Mystic, after preceeding a short distance, wes compelled to seturn.

ROBBERY OF A TAILOR SHOP .- A few days ago the tailer shep et Mr. William Atwell, on King street, was entered by thieves and robbed of a new coat, and last night about 7 o'clock the tailering establishment of Mr. John A. Keys, on Royal street, between King and Prince, while that gentleman was at work in a room just back of the shop, was entered by, it is supposed, two pegro boys, who had been seen a short time previous in the neighborhood, and robbed of a pair of pants and a coat belonging to a customer. The police are on the track

THE TOWPATH OFFICE SPEKING GANG.—A meeting of the Towpath Club of office seekers was hold in Wast ington last night. Self congratulatory reports were made by E. W. Whit taker and other numbers of the committee on the Eighth Virginia District, detailing their campaign exploits, and consuming the Federal send Children, in fancy boxes, &c., cheap at I. campaign exploits, and consuming the Federal and Children, in fancy boxes, &c., cheap at I. office holders where places the members of the EICHBERG'S. club are after. A resolution was adopted denourcing as falso a etatement concerning the club, recently published in the Chicago Tribune, and copied into the Gazatte. It is wrong to prinkle salt on the raw places of these fellows.

REDUCTION IN VALUES-The assessment, just completed by the newly appointed assessor, Mr. R. Henry Simpson, shows a reductioni u the assessed value of real estate in the city. compared with the lest assessment, of about ote million dollars, which is equivalent to nearly 33 per cent, on the one hundred dollars, which will greatly reduce the revenue to the State. This, however, will not effect the revenue of the city, as by an set of the Legislature, Alexandria is exempt from the operations of the general law.

SAD NEWS.-Mr. Thomas Devitt, whose wife, Mrs. Annie Devitt, died saddenly yesterday noon, also received the sad news, shortly after the demise of his wife, of the death of his father, Mr. Christopher Devitt, in the 81st Dublic, Ireland. Mr. Devitt has the eympathy of a large number of friends in this, his double Miction. The funeral of Mrs. Devitt will take place to morrow morning from St. Mary's

PORK.—Large dressed hoge, small dressed hogs and undressed hogs are arriving in Alexandria from the country in large quanlities, and the pavements in front of the commission houses in different parts of the city are filed with them. Cameron street for nearly two Equates is lined with the slaughtered innocents. Prices, by the bundred weight, range from 5 to 52 cents per pound.

A man giving his name as H. Wi'son was arested in Fredericksburg Sunday last and mmitted to joil charged with stealing a hotes d buggrefrom a man in Washington.

A FIGHTING CREW.—It is not often that the crew, of any of the lower Potomac river boats get disorderly, but and as it is to report, the crew of the gallant little steamer Mystic seems to have, by some strange means, gotten into a turbulent state yesterday, and what is worse, the excitement continued until this morning when it culminated in an open knock down fight. The Mystic, which should have put in an appearance at her wheef, in this city, yesterday morning, did not arrive until about six o'clock last night. The delay, during which things did not move as smoothly on the boat as they should, it is said, was caused by an accident to the rudder. On the trip up the river a querrel over the absence of milk on the table taken to the station house, where the assailant was fined fifteenn dollars. Both the combattants were put under bonds to keep the peace.

SUDDEN DEATH OF CAPT. INNIS -Captain Alexander Innis died suddenly at his residence, on Seminary Hill, yesterday evening. He was attempting to carry a ten gallon milk can from one point to another, when he fell, dying shortly after his removal to his house. It is supposed death was caused by the breaking of a blood vessel in the region of the heart. He was a native of Rapides Parish, La, and served gallantly in the Confederate service during the late war. The news of the death of Captain Innis will be received by a large circle of friends and acquaintances with profeued sorrow. He leaves a wife and several children.

FINE CATILE.—On the last Georgetown market day Mr. J. V. Varoell bought from Mr. Robert Kelly, through Mr. S. D. Lynn, ten oattle for \$100 per head. These superb animals, the fluest that have been on the market for many years, were fattened by Mr. W. S. Peach, of Loudenn county, Va. Four of the same lot, equally fine, were sold to Messrs. Appick and Besslu, four to Brown and Wiseman and two to Joseph Gamble. The heard was such a lot of cattle as is rarely seen, oven at egricultural fairs.

Mr. Herbert, of Ala., from the Committee on Judiciary, reported back the bill allowing marshels and deputy marshals to take bonds in certain cases. Referred to the House Calendar. Some time was consumed in discussing the question whether or not an elevator should be constructed in the House wing of the Capitol,

but no final decision was arrived at. Mr. B.ckwell, of Ind., called up the privilege prestion, being the Senate execurrent resoluion as to counting the electoral votes.

Mr. B.ight raised the ques ion of consideration, and the House refused to consider the

[COMMUNICATED. As MR Young's FRIENDS (Hydraulion S. F. E. Cc.) are not satisfied with the action of the fire-warders, who had decided that Mr. Y. is not competent to be engineer of the corporation fire steamer No. 3,—he, Mr. Y., being subject to the vertigo(1),—I would respectfully suggest to the proper authorities the feasibility of removing that engine to the Friendship engine-house, to take charge of it.
